But when Beverly High School's football coach Billy Baker (Taye Diggs, *Private Practice*) recruits him to join his team in Beverly Hills, Spencer's mother, Grace, and his best friend, Coop, convince Spencer it's an opportunity he has to seize. Now Spencer must navigate two worlds, the south side neighborhood that he knows and the affluent Beverly Hills world that has offered him an opportunity for something bigger. When Spencer is forced to move in with Billy and his family to protect his transfer permit to Beverly, Billy's son, Jordan (the team's starting quarterback), is less than thrilled to be sharing his father's attention, or the team spotlight, with Spencer. While Spencer struggles to find his footing, he makes an unlikely friend in Jordan's sister, Olivia, who is dealing with her own demons. He also quickly develops a crush on his classmate, Layla, something her boyfriend, Asher, quickly realizes and so he sets out to drive Spencer off the football team and out of Beverly Hills for good. Inspired by the life of U.S. pro football player Spencer Paysinger, *All American* is a show about two families from vastly different worlds, each with their own wins, losses and struggles.

More than maybe anywhere else on Earth, Roswell, New Mexico is ground zero for those who seek proof that aliens exist. Roswell native Liz Ortecho (Jeanie Mason, *Grey's Anatomy*) left it all behind 10 years ago, after the death of her beloved older sister, Rosa. With her father ailing, she reluctantly returns to her tourist-trap hometown to move back in with him. When Liz arrives, she reconnects with Max Evans (Nathan Parsons, *The Originals*), her teenage crush who is now a Roswell police officer. Their chemistry is instantly electric. But Liz soon discovers a shocking truth: Max is an alien who has kept his unearthly abilities hidden his entire life, along with those of his otherworldly siblings, Isobel and Michael. As the two grow closer after a decade apart, Liz finds it difficult to keep the truth from her best friend, Maria De Luca, and her trusting high school ex, Dr. Kyle Valenti. Also hiding their extraterrestrial origins are Isobel and Michael, with Isobel not even revealing the truth to her husband, Noah, and Michael keeping his identity hidden beneath a bad-boy exterior of hard living and casual hookups. Meanwhile, a long-standing government conspiracy spearheaded by Master Sgt. Jesse Manes, along with the politics of fear and hatred that run rampant in Roswell, threatens to expose Max and his family, and could endanger his deepening romance with Liz...as well as their lives. Based on the Roswell High book series, *Roswell, New Mexico* is a love story, a relationship drama and the story of a small town which happens to have aliens. Romantic and emotional, this is a story about people who feel like outsiders in their world, all alienated for different reasons, whether in their community, in society or even in Roswell.
