⁽¹⁾In addition to disclosing results in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), the Company also provides supplementary non-IFRS measures as a method of evaluating the Company's performance and to provide a better understanding of how management views the Company's performance. These non-IFRS or non-Generally Accepted Accounting Principles ("GAAP") measures can include: segment profit (loss), segment profit margin, free cash flow, adjusted net loss attributable to shareholders, adjusted basic loss per share, net debt to segment profit, and new platform revenue. These are not measurements in accordance with IFRS and should not be considered as an alternative to any other measure of performance under IFRS. Please see additional discussion and reconciliations under the Key Performance Indicators and Non-GAAP Financial Measures section below.

BUSINESS HIGHLIGHTS

Ongoing Focus on Capital Management

- **Corus provides update regarding credit facility.** On March 2, 2026, Corus announced it entered into a waiver and standstill agreement (the "Agreement") with the Lenders under the Company's Eighth Amended and Restated Credit Agreement following the expiry on February 28, 2026 of the prior agreement dated March 21, 2025 which amended certain terms of the Credit Facility. The Agreement provides the Company with continued access to liquidity, including under the Revolving Facility, by providing waivers of certain financial covenants. The Agreement term is until May 30, 2026.
- **Corus receives Court approval for Recapitalization Transaction.** On March 24, 2026, Corus received an order from the Ontario Superior Court of Justice (Commercial List) to proceed with its previously announced recapitalization transaction (the "Recapitalization Transaction"), pursuant to a plan of arrangement under the *Canada Business Corporations Act*. The Recapitalization Transaction remains subject to, among other things, satisfaction of the terms and conditions in the support agreements with key stakeholders and the receipt of all customary and necessary regulatory approvals, including from the Canadian Radio-television and Telecommunications Commission and the Toronto Stock Exchange.

International Content Business

- **Corus greenlights new original content.** Home Network and Flavour Network celebrated being Canada's #1 and #2 lifestyle networks respectively following the networks' inaugural year, alongside The HISTORY® Channel as the nation's #1 factual network⁽¹⁾. Building on this success and the ongoing commitment to Canadian original programming, Corus announced seven upcoming Canadian Original series, including the greenlight of new Home Network series *Property Pursuit* and Season 2 of *Beer Budget Reno*, as well as a new A+E Global Media co-production, *Countdown to Zero Hour* for The HISTORY® Channel.
- **Corus' original series premiere on Home Network.** Corus unveiled Home Network's spring lineup including two Corus original series, all-new *Life Is Messy* with Kortney Wilson and Kenny Brain, and Season 3 of *Renovation Resort* with Scott McGillivray and Bryan Baeumler. Rounding out the programming lineup are new and returning international acquisition series, including *Rachael Ray's Rebuild* and *George Clarke's Flipping Fast*.

Advanced Focus on Sustainability

- **Corus gives back to local communities.** In the second quarter, Corus helped raise \$9.8 million for over 190 community giving initiatives as well as provided over 400 volunteer hours to 35 local organizations across Canada.

Creating a Great Place to Work

- **The Globe and Mail's Report on Business 2026 Women Lead Here recognition.** Corus was once again recognized on The Globe and Mail's Report on Business 2026 Women Lead Here list, an annual benchmark to identify leaders in executive gender diversity in Corporate Canada. Corus has received this recognition each year since the award program began in 2020.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis of the financial position and results of operations for the three and six months ended February 28, 2026 is prepared as at April 9, 2026. The following should be read in conjunction with Management's Discussion and Analysis, consolidated financial statements and the notes thereto included in the Company's Annual Report for the year ended August 31, 2025 (the "2025 Annual Report") and the interim condensed consolidated financial statements and notes as at and for the three and six months ended February 28, 2026. The financial highlights included in the discussion of the segmented results are derived from the unaudited interim condensed consolidated financial statements. All amounts are stated in Canadian dollars unless specified otherwise.

Corus Entertainment Inc. ("Corus" or the "Company") reports its interim condensed consolidated financial results under International Accounting Standard ("IAS") 34 - *Interim Financial Reporting*, as issued by International Financial Reporting Standards ("IFRS") in Canadian dollars. Per share amounts are calculated using the weighted average number of shares outstanding for the applicable period.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This document contains forward-looking information and should be read subject to the following cautionary language.

To the extent any statements made in this document, or any of the documents referenced herein, contain information that is not historical, these statements are forward-looking statements and may be forward-looking information within the meaning of applicable securities laws (collectively, "forward-looking information"). This forward-looking information relates to, among other things, the objectives, goals, strategies, targets, intentions, plans, estimates, and outlooks of Corus Entertainment Inc. and its subsidiaries (collectively, "Corus" or the "Company"), including, but not limited to, its: strategic, operational and business plans; anticipated revenue, cost, and subscription trends; applicable regulatory, judicial, and legislative changes, decisions, and regimes; expectations regarding financial and operational performance; expectations regarding costs, tariffs, taxes, and fees; capital, balance sheet management, and liability management plans, strategies, and actions and benefits thereof; ability to repay debt and/or maintain necessary access to loan and credit facilities; and the Company's previously-announced proposed recapitalization transaction (the "Recapitalization Transaction") and the approval and completion thereof. Forward-looking information can generally be identified by the use of words such as "estimate", "forecast", "project", "believe", "anticipate", "expect", "intend", "plan", "will", "may", or the negatives of these terms and other similar expressions. In addition, any statements that refer to expectations, anticipated outcomes or impacts, projections, or other characterizations of future events or circumstances may be considered forward-looking information.

Although Corus believes that the expectations reflected in such forward-looking information are reasonable, such information involves many material assumptions, risks and uncertainties and undue reliance should not be placed on such statements. Certain material factors or assumptions, which are subject to uncertainty, risk, and change and may cause actual results to differ materially from expectations, calculations, plans, or forecasts, are applied with respect to forward-looking information. Such factors include, without limitation, factors and assumptions relating to or impacting: the sustainability of Corus' current or proposed capital and debt structure; Corus' ability to maintain access to, renegotiate, obtain relief from, and meet covenants under relevant secured and unsecured credit facilities and instruments; Corus' ability to access sufficient capital and liquidity; macroeconomic, geopolitical, and general business and market conditions; Corus' ability to execute its strategies and plans; financial and operating results being consistent with expectations; Corus' ability to attract, retain, and manage fluctuations in revenue; continuity of relationships and arrangements with, and revenue and costs attributed to, suppliers, distributors, partners, clients, and customers on desirable and expected terms; stability of advertising, subscription, production, and distribution markets and revenue; changes to key suppliers and clients; impacts of pending and threatened litigation, regulatory and judicial decisions and interpretations, and appeals thereof; changes in laws and regulations and the interpretation and application thereof, including statements, decisions, and positions by applicable courts and regulators, including, without limitation, the Canadian Radio-television and Telecommunications Commission; changes to licensing status and conditions; impacts of competition from foreign and domestic competitors, including due to industry mergers and acquisitions and such competitors not being regulated in the same way or to the same degree; strategic opportunities and partnerships (or lack thereof) that may be presented to, pursued, or implemented by the Company; changes to applicable accounting standards and tax, licensing, and regulatory regimes; changes to operating and capital costs and imposed and threatened tariffs, taxes, and fees; impacts of interest rates and inflation; Corus' ability to source, produce, and sell desirable content; unanticipated and un-mitigatable changes to programming costs; retention and reputation risks related to employees and contractors; physical and

operational changes to facilities and infrastructure; industry or Company-related labour actions; cybersecurity threats and incidents to the Company or its key suppliers and vendors; and epidemics, pandemics, and other public health and safety crises.

These factors also include factors and assumptions relating to, or impacting, the execution of the Company's proposed Recapitalization Transaction, including, without limitation: approval of the Recapitalization Transaction, including by applicable regulatory authorities and stock exchanges; the ability to complete, execute, and implement the Recapitalization Transaction in the time and manner contemplated; the anticipated or expected effect or impacts of the Recapitalization Transaction on the Company and/or its stakeholders; the obligations and abilities of third parties to close or complete actions as part of the Recapitalization Transaction; the anticipated reduction of the Company's debt and related costs and interest expenses (including the amounts thereof); the exchange of existing equity and debt for new equity and debt; and the dilution or changes to the Company's outstanding shares in number or value and markets for them. Actual results may differ materially from those expressed or implied in such information and the foregoing list is not exhaustive.

Additional information about these factors and about the material assumptions underlying any forward-looking information may be found under the heading "Risks and Uncertainties" in the Company's Management's Discussion and Analysis ("MD&A") for the year ended August 31, 2025, as may be updated, supplemented, or amended from time to time, including by quarterly MD&A, press releases, or other subsequent disclosure, any and all of which will be made available on SEDAR+ at www.sedarplus.ca. Corus cautions that the foregoing list of important assumptions and factors that may affect future results is not exhaustive.

When relying on the Company's forward-looking information to make decisions with respect to Corus or the Recapitalization Transaction, investors and others should carefully consider the foregoing information, including as incorporated by reference, and any other uncertainties and potential events. Unless otherwise specified, all forward-looking information in this document speaks as of the date of this document and may be updated or amended from time to time. Except as otherwise required by applicable securities laws, Corus disclaims any intention or obligation to publicly update or revise any forward-looking information whether as a result of new information, events, or circumstances that may be made or arise from time to time.

OVERVIEW OF CONSOLIDATED RESULTS

REVENUE

Revenue for the second quarter of fiscal 2026 of \$230.2 million decreased 15% from \$270.4 million in the prior year's quarter. On a consolidated basis, advertising revenue decreased 19% and subscriber revenue decreased 12%, while distribution, production and other revenue was up 7%, compared to the prior year's quarter. Revenue declined in Television by 16% and by 4% in Radio.

For the six months ended February 28, 2026, consolidated revenue of \$497.7 million decreased 17% from \$597.5 million in the prior year. On a consolidated basis, advertising revenue decreased 20% and subscriber revenue decreased 13%, while distribution, production and other revenue was up 3% compared to the prior year. Revenue declined in Television by 18% and by 4% in Radio.

Further analysis of revenue is provided in the discussion of segmented results.

DIRECT COST OF SALES, GENERAL AND ADMINISTRATIVE EXPENSES

Direct cost of sales, general and administrative expenses for the second quarter of fiscal 2026 of \$200.0 million decreased 21% from \$252.9 million in the prior year's quarter. On a consolidated basis, direct cost of sales decreased 24%, employee costs decreased 9% and other general and administrative expenses decreased 31%. The decrease in direct cost of sales results from decreases in amortization of program rights, other cost of sales, and amortization of film investments. The decrease in employee costs was primarily due to reduced salaries and benefits, and short term compensation accruals. Other general and administrative expenses were lower as a result of headcount reductions, reduced advertising and marketing costs, reduced legal fees, lower bad debts, reduced tariff royalties that are positively correlated with revenue, and receipt of funding to offset news production costs.

For the six months ended February 28, 2026, direct cost of sales, general and administrative expenses of \$410.3 million decreased 17% from \$495.8 million in the prior year's comparable period. On a consolidated basis, direct cost of sales decreased 18%, while employee costs decreased 10% and other general and administrative expenses decreased 29% from the prior year. The decrease in direct cost of sales was driven by decreases in amortization of program rights, film amortization and other cost of sales. The decrease in employee costs was primarily due to reduced salaries and benefits, as a result of headcount reductions. Other general and

administrative expenses decreased as a result of reduced advertising and marketing costs, reduced tariff royalties, reduced legal fees, lower bad debts and receipt of funding to offset news production costs. Further analysis of expenses is provided in the discussion of segmented results.

SEGMENT PROFIT

Segment profit for the second quarter of fiscal year 2026 was \$30.2 million, an increase of 72% from \$17.5 million in the prior year's quarter. The increase in segment profit for the second quarter was principally a result of cost control measures undertaken to reduce cost of sales and general and administrative expenses partially offset by declines in Television advertising and subscriber revenue. Segment profit margin for the second quarter of fiscal 2026 was 13%, an increase from 6% in the prior year's quarter.

For the six months ended February 28, 2026, segment profit was \$87.4 million, a decrease of 14% from \$101.7 million in the prior year. The decrease in segment profit was principally a result of Television advertising and subscriber revenue declines, partially offset by decreased amortization of program rights and a decrease in general and administrative expenses resulting from continued cost control measures. Segment profit margin was 18% for the six months ended February 28, 2026, an increase from 17% in the prior year. Further analysis is provided in the discussion of segmented results.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization expense for the three months ended February 28, 2026 was \$16.9 million, a decrease of 26% from \$22.8 million in the prior year's quarter. The decrease in the quarter was a result of reductions in the amortization of brands and trade marks of \$6.7 million, right-of-use assets of \$0.7 million and other intangible assets of \$0.6 million, offset by an increase in depreciation of capital assets of \$2.0 million.

Depreciation and amortization expense for the six months ended February 28, 2026 was \$32.4 million, a decrease of 28% from \$45.1 million in the prior year. The decrease in the period was a result of reductions in the amortization of brands and trade marks of \$14.0 million, right-of-use assets of \$0.7 million and other intangible assets of \$0.4 million, offset by an increase in depreciation of capital assets of \$2.3 million.

INTEREST EXPENSE

Interest expense for the three months ended February 28, 2026 was \$30.1 million, down from \$31.0 million in the prior year's quarter. The decrease in interest expense in the quarter results from a decrease of \$0.6 million in imputed interest on long-term liabilities, and a decrease of \$0.4 million in other interest partially offset by an increase of \$0.2 million in interest on long term debt. The increase in interest on long-term debt is primarily the result of an increase in interest on the credit facility as a result of a higher balance drawn.

Interest expense for the six months ended February 28, 2026 of \$60.6 million increased from \$56.1 million in the prior year. The increase primarily results from an increase of \$7.1 million in imputed interest on long-term liabilities associated with program rights, trade marks and right-of-use assets and an increase of \$0.4 million in interest on long-term debt offset by a decrease in imputed interest on long term liabilities associated with deferred financing fees and debt modification. Interest on long-term debt was higher primarily as a result of a gain of \$0.3 million on interest rate swap in the prior year.

The effective interest rate on the Credit Facility and the Senior Unsecured Notes due 2030 (the "2030 Notes") together with the Senior Unsecured Notes due 2028 (the "2028 Notes", collectively referred to hereafter as the "Notes") for the three and six months ended February 28, 2026 was 6.0% compared to 6.4% and 6.3%, respectively, in the comparable periods of the prior year. The decrease in the effective rate for both periods results from lower interest on the credit facility, which is now fixed at a rate of 7.29% per annum.

DEBT REFINANCING

On October 24, 2024, the Company amended and restated its Credit Facility (refer to note 7 of the interim condensed consolidated financial statements for further details), which resulted in a non-cash loss on debt refinancing of \$4.4 million in the prior year-to-date.

RESTRUCTURING AND OTHER COSTS

For the three months ended February 28, 2026, the Company realized a recovery of \$2.4 million compared to an expense of \$12.6 million in the prior year's quarter. The recovery in the current quarter is the result of a gain on a lease amendment of \$14.7 million offset by costs associated with employee exits and professional fees of \$12.3 million, compared to costs associated with employee exits and professional fees of \$12.6 million in the prior year.

For the six months ended February 28, 2026, the Company incurred costs of \$10.3 million, compared to \$29.1 million in the comparable period of the prior year. The current fiscal year costs include costs associated with employee exits and professional fees of \$25.0 million offset by a gain on a lease amendment of \$14.7 million compared to restructuring costs associated with employee exits and professional fees of \$29.1 million in the comparable period in the prior year.

OTHER EXPENSE (INCOME), NET

Other income for the three months ended February 28, 2026 was \$9.6 million, compared to an expense of \$9.0 million in the prior year's quarter. The current quarter included foreign exchange gains of \$9.6 million related to the translation of USD denominated liabilities, primarily related to programming acquisitions, and interest income of \$1.2 million, offset by redundant rent of \$1.2 million. The prior year's quarter included foreign exchange losses of \$5.0 million, impairment of intangible assets of \$4.1 million, and redundant rent of \$1.2 million, offset by interest income of \$0.7 million and the retroactive portion of retransmission royalty reductions of \$0.6 million.

Other income for the six months ended February 28, 2026 was \$1.9 million, compared to an expense of \$3.7 million in the prior year. In the current year-to-date period, other income included foreign exchange gains of \$2.7 million related to the translation of USD denominated liabilities, primarily related to programming acquisitions, and interest income of \$1.5 million, offset by redundant rent of \$2.4 million. The comparable period in the prior year included foreign exchange losses of \$8.8 million related to the translation of USD denominated liabilities, impairment of intangible assets of \$4.1 million, and redundant rent of \$2.4 million offset by a \$9.7 million gain on a property disposal, interest income of \$1.4 million, and the retroactive portion of retransmission royalty reductions of \$0.6 million.

INCOME TAX EXPENSE (RECOVERY)

The Company's effective income tax rate for the three months ended February 28, 2026 was 0.9% compared to a recovery rate of 4.9% in the prior year's quarter. The difference between the statutory rate of 26.3% and the effective tax rate mainly resulted from increases in derecognized deferred income tax assets.

The Company's effective income tax rate for the six months ended February 28, 2026 was 8.9%, compared to a rate of 8.7% for the six months ended February 28, 2025. The difference between the year-to-date statutory rate of 26.3% and the effective income tax rate resulted from increases in derecognized deferred income tax assets.

NET LOSS ATTRIBUTABLE TO SHAREHOLDERS AND LOSS PER SHARE

Net loss attributable to shareholders for the second quarter of fiscal 2026 was \$6.1 million (\$0.03 loss per share basic), compared to net loss attributable to shareholders of \$55.9 million (\$0.28 loss per share basic) in the prior year's quarter. Net loss attributable to shareholders for the second quarter of fiscal 2026 includes restructuring and other costs recovery of \$2.4 million, consisting of a non-cash gain on a lease amendment of \$14.7 million (\$0.05 per share), offset by restructuring costs of \$12.3 million (\$0.04 per share). Adjusting for the impact of these items results in an adjusted net loss attributable to shareholders of \$7.8 million (\$0.04 per share basic) in the quarter. Net loss attributable to shareholders for the second quarter of fiscal 2025 included restructuring and other costs of \$12.6 million (\$0.05 per share) and write-off of intangible assets of \$4.1 million (\$0.02 per share). Adjusting for the impact of these items results in an adjusted net loss attributable to shareholders of \$42.7 million (\$0.21 loss per share basic) in the prior year's quarter.

Net loss attributable to shareholders for the six months ended February 28, 2026 was \$17.2 million (\$0.09 loss per share basic), compared to \$44.0 million (\$0.22 loss per share basic) in the prior year. Net loss attributable to shareholders for the six months ended February 28, 2026 includes restructuring and other costs of \$10.3 million,

consisting of a non-cash gain on a lease amendment of \$14.7 million (\$0.05 per share), offset by restructuring costs of \$25.0 million (\$0.09 per share). Adjusting for the impact of these items results in an adjusted net loss attributable to shareholders of \$9.6 million (\$0.05 loss per share basic). Net loss attributable to shareholders for the six months ended February 28, 2025 includes a debt refinancing loss of \$4.4 million (\$0.02 per share), restructuring and other costs of \$29.1 million (\$0.11 per share) and write-off of intangible assets of \$4.1 million (\$0.02 per share). Adjusting for the impact of these items results in an adjusted net loss attributable to shareholders of \$14.4 million (\$0.07 per share basic) for the same comparable period of the prior year.

The weighted average number of basic shares outstanding for the three and six months ended February 28, 2026 was 199,440,000, consistent with the comparable periods in the prior year.

OTHER COMPREHENSIVE INCOME (LOSS), NET OF INCOME TAXES

Other comprehensive loss for the three months ended February 28, 2026 was \$3.1 million, compared to other comprehensive loss of \$8.5 million in the prior year's quarter. For the three months ended February 28, 2026, other comprehensive loss includes an actuarial loss on the remeasurement of post-employment benefit plans of \$2.4 million, an unrealized loss on the fair value of financial assets of \$0.6 million, and an unrealized loss from foreign currency translation adjustments of \$0.2 million. In the prior year's quarter, other comprehensive loss includes an actuarial loss on the remeasurement of post-employment benefit plans of \$4.1 million, an unrealized loss on the change in the fair value of financial assets of \$3.8 million, an unrealized loss in the fair value of cash flow hedges of \$1.3 million, offset by an unrealized gain from foreign currency translation adjustments of \$0.7 million.

Other comprehensive income for the six months ended February 28, 2026 was \$4.3 million, compared to other comprehensive loss of \$6.4 million in the prior year. For the six months ended February 28, 2026, other comprehensive income includes an actuarial gain on the remeasurement of post-employment benefit plans of \$4.8 million, offset by an unrealized loss on the fair value of financial assets of \$0.5 million and an unrealized loss from foreign currency translation adjustments of \$0.1 million. For the six months ended February 28, 2025, other comprehensive loss includes an unrealized loss on the fair value of cash flow hedges of \$2.2 million, an unrealized loss on the fair value of financial assets of \$4.3 million and an actuarial loss on the remeasurement of post-employment benefit plans of \$1.4 million, offset by unrealized gain from foreign currency translation adjustments of \$1.6 million.

BUSINESS SEGMENT INFORMATION

The Company's business activities are conducted through two segments: Television and Radio.

TELEVISION

The Television segment is comprised of 25 specialty television networks, 15 conventional television stations, digital and streaming services, a social media digital agency, technology and media services, and the Corus content business, which includes the distribution of films and television programs, merchandise licensing, and book publishing. Revenue is generated from advertising, subscribers and the licensing of proprietary films and television programs as well as the provision of production services, merchandise licensing, book publishing, and the provision of technology and media services.

RADIO

The Radio segment is comprised of 36 radio stations, situated primarily in urban centres in English Canada, with a concentration in the densely populated area of Southern Ontario. Revenue is derived from advertising aired over these stations.

CORPORATE

Corporate results represent the incremental cost of corporate overhead in excess of the amount allocated to the other operating segments.

Management evaluates each segment's performance based on revenue less direct cost of sales, general and administrative expenses. Segment profit (loss) excludes depreciation and amortization, interest expense, debt refinancing costs, restructuring and other costs, impairments, gains or losses on dispositions, and certain other income and expenses.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies of the most recent annual audited consolidated financial statements.

Revenue for the three months ended February 28, 2026 declined in Television by 16% from the prior year's quarter as a result of decreases of 21% in advertising revenue and 12% in subscriber revenue, offset by an increase of 8% in distribution, production and other revenue. Advertising revenue declined as demand and spending in linear advertising remained challenged by increased competition from premium digital video inventory. The decrease in advertising revenue was driven by declines in direct to consumer, health and beauty, retail, government and packaged goods, partially mitigated by an increase in the alcoholic beverages category. Subscriber revenue decreased from the prior year's quarter principally as a result of declines in the traditional linear business as well as the shutdown of five specialty television networks. The increase in distribution, production and other revenue was attributable to an increase in distribution sales.

Revenue for the six months ended February 28, 2026 declined in Television by 18% from the prior year's comparable period as a result of decreases of 22% in advertising revenue and 13% in subscriber revenue, offset by an increase of 3% in distribution, production and other revenue. On a year-to-date basis, declines in the retail, government, food, packaged goods and financial services categories were partially offset by an increase in the alcoholic beverages category. Subscriber revenue decreased from the prior year-to-date as a result of declines in the traditional linear business as well as the shutdown of five specialty television networks. The increase in distribution, production and other revenue was attributable to an increase in distribution sales.

Expenses for the three months ended February 28, 2026 declined 22% from the prior year's quarter due to decreases of 24% in direct cost of sales, 9% in employee costs and 34% in other general and administrative expenses. The decrease in direct cost of sales was due to decreases in amortization of program rights of \$28.1 million (or 21%), amortization of film investments of \$0.5 million (or 25%) and other cost of sales of \$6.7 million (or 62%). The decrease of \$4.4 million in employee costs reflects significant headcount reductions. The decrease of \$10.6 million in other general and administrative expenses was the result of continued cost containment measures, a decrease in advertising and marketing costs which were higher in the prior year to support the launch of two new lifestyle brands and receipt of funding to offset news production costs.

Expenses for the six months ended February 28, 2026 declined 18% from the prior year's comparable period as a result of a decrease of 18% in direct cost of sales, 9% in employee costs and 31% in other general and administrative expenses, respectively. The decrease in direct cost of sales was due to a \$37.6 million (or 15%) decrease in amortization of program rights, a \$12.1 million (or 58%) decrease in other cost of sales, and a decrease of \$1.1 million (or 24%) in amortization of film investments. The decrease of \$8.9 million in employee costs reflects significant headcount reductions over the past twelve months. The decrease of \$19.2 million in other general and administrative expenses was primarily the result of continued cost containment measures and a decrease in advertising and marketing costs which were higher in the prior year to support the launch of two new lifestyle brands, and receipt of funding to offset news production costs.

Segment profit⁽¹⁾ for the three and six months period ended February 28, 2026 increased 48% and decreased 18%, respectively. The increase for the quarter was a result of the decrease in direct cost of sales and general and administrative expenses exceeding the decrease in advertising and subscriber revenue. The decrease for the year-to-date was a result of the decrease in revenue exceeding the decrease in expenses. Segment profit margin⁽¹⁾ for the quarter was 16%, up from 9% in the prior year's quarter and 20% for the six months ended February 28, 2026, which was flat to the prior year.

Revenue for the three and six months ended February 28, 2026 decreased 4% from both comparable periods of the prior year. The decline in advertising revenue for the quarter was driven principally by the general services, government, retail, restaurants and professional services categories, partially offset by increases in home products and automotive.

Direct cost of sales and general and administrative expenses decreased 7% and 10% for the three and six months ended February 28, 2026, respectively. The decreases were a result of lower salaries and benefits due to continued cost containment measures, with a particular focus on headcount reductions.

Radio's segment profit⁽¹⁾ for the three months ended February 28, 2026 increased by \$0.5 million from the prior year's quarter as a result of the impact of cost containment measures exceeding revenue declines. Segment profit margin⁽¹⁾ for the quarter of 11% increased from 8% in the prior year's quarter. Radio's segment profit for the six months ended February 28, 2026 increased by \$2.0 million (or 37%) from the prior year's comparable period, as the impact of cost containment measures exceeded revenue declines. Segment profit margin for the six months of 18% increased from 13% in the prior year's comparable period.

Share-based compensation includes expenses related to the Company's stock options and other long-term incentive plans (such as Performance Share Units - "PSUs", Deferred Share Units - "DSUs" and Restricted Share Units - "RSUs"). The expense fluctuates with changes in assumptions, primarily regarding the Company's share price and number of units estimated to vest.

Share-based compensation expense in both the three and six months ended February 28, 2026 were relatively flat to the comparable periods of the prior year, as a result of minimal fluctuations in share price.

Other general and administrative costs decreased by \$1.4 million for the quarter and \$2.8 million for the six months ended February 28, 2026, respectively. The changes are principally attributable to reduced salaries and benefits due to decreased headcount and reduced legal and consulting fees.

QUARTERLY CONSOLIDATED FINANCIAL INFORMATION

SEASONAL FLUCTUATIONS

As discussed in Management's Discussion and Analysis for the year ended August 31, 2025, Corus' operating results are subject to seasonal fluctuations that can significantly impact quarter-to-quarter operating results. The Company's advertising revenue is dependent on general advertising revenue and retail cycles associated with consumer spending activity, accordingly the first and third quarter results tend to be the highest and second and fourth quarter results tend to be the lowest in a fiscal year. Consequently, the Company's results may fluctuate materially from period-to-period and the results of any one period are not necessarily indicative of results for future periods.

The following table sets forth certain unaudited data derived from the Company's interim condensed consolidated financial statements for each of the eight most recent quarters ended February 28, 2026. In Management's opinion, these unaudited interim condensed consolidated financial statements have been prepared on a basis consistent with the audited consolidated financial statements in the Company's Annual Report for the year ended August 31, 2025, except as disclosed in note 3 of the interim condensed consolidated financial statements.

ITEMS CAUSING VARIATIONS IN QUARTERLY RESULTS

- Net loss attributable to shareholders for the second quarter of fiscal 2026 was positively impacted by a recovery of restructuring costs of \$2.4 million (\$0.01 per share).
- Net loss attributable to shareholders for the first quarter of fiscal 2026 was negatively impacted by restructuring and other costs of \$12.7 million (\$0.05 per share).
- Net loss attributable to shareholders for the fourth quarter of fiscal 2025 was negatively impacted by non-cash television and radio broadcast licence and other asset impairment charges of \$263.6 million (\$0.97 per share) and restructuring and other costs of \$17.7 million (\$0.06 per share).
- Net loss attributable to shareholders for the third quarter of fiscal 2025 was negatively impacted by restructuring and other costs of \$25.3 million (\$0.09 per share) and a loss on debt refinancing of \$3.0 million (\$0.01 per share).
- Net loss attributable to shareholders for the second quarter of fiscal 2025 was negatively impacted by restructuring and other costs of \$12.6 million (\$0.05 per share) and a write off of intangible assets of \$4.1 million (\$0.02 per share).
- Net income attributable to shareholders for the first quarter of fiscal 2025 was negatively impacted by restructuring and other costs of \$16.5 million (\$0.06 per share) and a loss on debt refinancing of \$4.4 million (\$0.02 per share).
- Net loss attributable to shareholders for the fourth quarter of fiscal 2024 was negatively impacted by restructuring and other costs of \$28.3 million (\$0.11 per share).
- Net loss attributable to shareholders for the third quarter of fiscal 2024 was negatively impacted by non-cash television and radio broadcast licence, goodwill and other asset impairment charges of \$960.0 million (\$3.72 per share) and restructuring and other costs of \$10.9 million (\$0.04 per share).

FINANCIAL POSITION

Total assets at February 28, 2026 of \$1.3 billion remained consistent from August 31, 2025 of \$1.3 billion. The following discussion describes the significant changes in the consolidated statements of financial position since August 31, 2025.

Current assets at February 28, 2026 were \$291.8 million, an increase of \$26.7 million from August 31, 2025.

Cash and cash equivalents decreased \$23.4 million from August 31, 2025. Refer to the discussion of cash flows in the next section.

Accounts receivable increased by \$42.9 million from August 31, 2025. The increase was primarily in trade accounts receivable. The accounts receivable balance is subject to seasonal trends. Typically, the balance of trade receivables is higher at the end of the first and third quarters and lower at the end of the second and fourth quarters as a result of seasonality in broadcast advertising revenue. The Company carefully monitors the aging and collection performance of its accounts receivable.

Tax credits receivable decreased \$13.3 million from August 31, 2025 as a result of tax credit receipts and the application of credits towards tax liabilities.

Investments and other assets increased \$6.7 million from August 31, 2025, primarily as a result of an increase in the net asset position of certain post employment benefit plans, offset by a small decline in the fair value of venture funds.

Property, plant and equipment decreased \$34.0 million from August 31, 2025 as a result of depreciation expense and a lease amendment partially offset by additions.

Program rights increased \$18.8 million from August 31, 2025, as acquisitions of \$240.5 million were offset by amortization of \$221.7 million.

Film investments decreased \$8.4 million from August 31, 2025, primarily as a result of transfers to program rights of \$5.1 million, amortization of \$3.5 million, and foreign exchange and other of \$0.4 million, offset by spending of \$0.4 million and accrual for tax credits of \$0.2 million.

Intangibles increased \$5.8 million from August 31, 2025, primarily as a result of the acquisition of software licenses of \$11.1 million, trade mark renewal agreements of \$6.7 million and increases in other intangible assets of \$0.9 million, offset by amortization of \$12.9 million.

Accounts payable and accrued liabilities increased \$25.1 million from August 31, 2025, principally as a result of higher program rights payable, accounts payable, software license liabilities, and short-term portion of lease liabilities, offset by lower bonus and vacation pay accruals, trade marks payables, and other working capital accruals.

Provisions, including the long-term portion, decreased by \$5.2 million from August 31, 2025, principally as a result of payments exceeding restructuring-related additions.

Long-term debt, as at February 28, 2026 was \$1,140.1 million compared to \$1,089.7 million as at August 31, 2025. As at February 28, 2026, there are no mandatory repayments of the Term Facility over the next twelve months. During the six months ended February 28, 2026, the Company increased borrowings under the credit facility by \$50.0 million and amortized \$0.3 million of deferred financing charges.

Other long-term liabilities decreased \$50.5 million from August 31, 2025, primarily from a decrease in lease liabilities due to a lease amendment, program rights payables, and trade mark liabilities, offset by software license acquisitions and increase in the net asset position of certain post employment benefit plans.

Share capital remained consistent with August 31, 2025, while the contributed surplus increased as a result of share-based compensation expense.

LIQUIDITY AND CAPITAL RESOURCES

CASH FLOWS

Overall, the Company's cash and cash equivalents position decreased by \$9.1 million for the second quarter of fiscal 2026 and \$23.4 million for the six months ended February 28, 2026. Free cash flow⁽¹⁾ for the three and six months ended February 28, 2026 was a cash inflow of \$1.3 million and outflow of \$52.3 million, respectively, compared to a cash inflow of \$46.0 million and \$35.9 million, respectively, in the comparable prior year periods. The decrease in free cash flow⁽¹⁾ in the second quarter was due to a decrease in cash provided by operating activities of \$45.2 million, partially offset by a decrease in cash used in investing activities of \$0.4 million. The decrease in free cash flow⁽¹⁾ for the six months ended February 28, 2026 was attributable to an increase of \$79.1 million in cash used in operating activities and an increase of \$9.1 million in cash used in investing activities.

Cash provided by operating activities for the quarter was \$3.1 million compared to \$48.3 million in the prior year's quarter. The decrease in cash provided in the quarter of \$45.2 million arises primarily from a decrease in cash flows from working capital of \$79.9 million, offset by an increase in cash flow from operations of \$34.7 million. The change in cash flow from operations is the result of lower spend on program rights of \$34.5 million and net recovery of film investments of \$12.8 million compared to a spend of \$4.7 million in the prior year's comparable period. These increases are offset by lower net income from operations (adjusted for non-cash items) of \$17.2 million. The increase in cash used in operating activities for the year-to-date of \$79.1 million arises from a decrease in cash flows from working capital of \$80.2 million and a decrease in cash flows from operations (adjusted for non-cash items) of \$1.1 million. The decrease in cash flows from operations is a result of lower net income from operations (adjusted for non-cash items) of \$46.2 million, offset by lower spend on program rights of \$23.9 million and a net recovery on film investments of \$12.9 million in the current year compared to spend of \$10.5 million in the prior year.

Cash used in investing activities for the quarter was \$1.9 million compared to \$2.3 million in the prior year. The decrease in cash used in the quarter of \$0.4 million is primarily attributable to a decrease in spending on property, plant and equipment by \$0.3 million and intangible, investments and other assets by \$0.1 million. Cash used in investing activities for the six months ended February 28, 2026 was \$3.5 million compared to \$5.6 million provided in the prior year. The increase in cash used year-to-date of \$9.1 million is primarily attributable to a decrease in proceeds from the sale of property of \$10.0 million and increase in spend on intangibles, investments, and other assets by \$0.2 million, offset by a decrease in spend on property, plant and equipment of \$1.1 million.

Cash used in financing activities for the quarter was \$10.4 million compared to \$41.9 million in the prior year's quarter. The decrease in cash used in the quarter of \$31.6 million is primarily attributable to a decrease in credit facility borrowings in the prior year of \$33.8 million and no change in borrowings in the current year, a decrease in payments on software licenses by \$2.1 million, and decrease in dividends paid to non-controlling interests of \$0.3 million, offset by an increase in return of capital to non-controlling interests of \$4.5 million. Cash provided by financing activities for the six months ended February 28, 2026 was \$28.9 million compared to \$26.6 million used in the prior year's comparable period. The increase in cash provided year-to-date of \$55.5 million was primarily attributable to an increase in credit facility borrowings of \$50.0 million in the current year compared to a decrease in credit facility borrowings of \$11.6 million in the prior year. This was offset by a return of capital to non-controlling interests by \$4.5 million in the current year and increased spending on software licenses by \$2.2 million.

⁽¹⁾ A definition and reconciliation of free cash flow to the consolidated statements of cash flows is provided in the "Key Performance Indicators and Non-GAAP Measures" section of this report

LIQUIDITY

The Company manages its capital structure in accordance with changes in economic conditions and with appropriate prudence. Currently, the Company's capital management activities are focused on maintaining appropriate financial flexibility in order to pursue organic growth, achieve business goals and repay debt, all with the objective to provide returns to its shareholders.

The Company defines capital as the aggregate of its shareholders' equity and total long-term debt less cash and cash equivalents. In order to maintain or adjust its capital structure and enable its capital management activities, from time to time, the Company may elect to issue or repay long-term debt, issue shares, repurchase shares through a normal course issuer bid, pay dividends or undertake any other activities as deemed appropriate under the specific circumstances.

The Company monitors capital using several key performance metrics including net debt to segment profit ratio. While leverage may be higher in the short-term, the Company endeavours to return to a more sustainable leverage target range in the future.

As at February 28, 2026, the Company was in compliance with all loan covenants, had a cash and cash equivalents balance of \$36.1 million and had approximately \$35.0 million available to be drawn under the Revolving Facility. Management believes that cash flow from operations and the existing Revolving Facility will provide the Company with sufficient financial resources to fund its operations for the following 12 months, subject to the conditions outlined below with respect to going concern uncertainty.

On October 24, 2024, the Company's Credit Facility, which is comprised of the Revolving Facility and Term Loan, was amended and restated to, among other things, effectively reduce the availability on the Revolving Facility to \$65.0 million and revise certain financial covenants and certain reporting requirements. The maturity date for both the Term Loan and the Revolving Facility was amended to March 18, 2026. The amendment of the Credit Facility resulted in the Company recording a debt refinancing loss of approximately \$4.4 million.

On March 21, 2025, the Company's Credit Facility was assigned to strategic debtholders, following which it was amended and restated to, among other things, increase the maximum amount the Company may request on the Revolving Facility to \$75.0 million, remove certain requirements to use excess cash to repay the outstanding amounts on such advances, fix the interest rate at 7.29% per annum and increase the maximum total debt to cash flow ratio required under the financial covenants to 9.5:1.0 through and including December 31, 2025, and 4.25:1.0 thereafter. The maturity date of the amended Credit Facility is now March 20, 2027. The amendment of the Credit Facility resulted in the Company recording a debt refinancing loss of \$3.0 million.

On October 29, 2025, the Company's Credit Facility was amended to increase the Revolving Facility to \$125.0 million.

On November 3, 2025, the Company announced a proposed recapitalization transaction (the "Recapitalization Transaction") to be implemented through a plan of arrangement (the "Plan of Arrangement") under the *Canada Business Corporations Act* ("CBCA"). In connection with the Recapitalization Transaction, the Company has entered into an amendment, consent and waiver agreement ("Amendment, Consent & Waiver") with all lenders under the Credit Facility and a support agreement (the "Support Agreement") with holders representing more than 74% of Corus' aggregate \$750.0 million of Senior Notes whereby such lenders and noteholders have agreed to support the Recapitalization Transaction in accordance with the terms and conditions of the Amendment, Consent & Waiver and the Support Agreement. The Company has also entered into a voting support agreement (the "Shareholder Support Agreement") with the Shaw Family Living Trust ("SFLT"), indirectly the holder of more than 80% of the Class A Voting Shares in the Company. Pursuant to this agreement, SFLT and certain of its affiliates have agreed, among other things and subject to the terms and conditions stated therein, to vote their Class A Voting Shares and Class B Non-Voting Shares in favour of the Recapitalization Transaction. The Recapitalization Transaction involves exchanging the Company's existing Revolving Facility for a new first lien \$125.0 million secured revolving credit facility, redeeming the Company's existing Term Loan at par value and issuing new first lien senior secured notes in an aggregate principal amount of \$300.0 million with a 5-year maturity date, settling \$250.0 million of the Senior Notes in exchange for second lien secured notes with a 6-year maturity date in an equal aggregate principal amount, exchanging \$500.0 million of the Senior Notes for common shares of a newly formed corporation that will own all of the shares of the Company ("NewCo") that are expected to represent 99% of all of the issued and outstanding shares of NewCo, on a non-diluted basis and exchanging all of the Company's outstanding Class A Voting Shares and Class B Non-Voting Shares for shares of NewCo, that, in aggregate, are expected to represent 1% of all of the issued and outstanding shares of NewCo. Under the Amendment, Consent & Waiver, the Credit Facility covenant setting the maximum total debt to cash flow ratio of 9.5:1.0 was extended to February 28, 2026 upon the condition that the Amendment, Consent & Waiver is not terminated.

In respect of the Plan of Arrangement, on December 17, 2025, Corus obtained an interim order (the "Interim Order") from the Ontario Superior Court of Justice (Commercial List) (the "Court") granting, among other things, a stay of proceedings (the "Stay") to protect the Company against any defaults and related steps or actions that may result from the Company's decision to initiate CBCA proceedings, including under its existing indebtedness. The Stay enables the Company to negotiate and finalize the terms of the Plan of Arrangement. The Company also entered into the Amendment, Consent & Waiver with respect to its Senior Credit Facility that allows for continued access by the Company to the Revolver and waives events of default that may arise from commencing proceedings under the CBCA, subject to customary conditions.

On February 28, 2026, the Company signed a waiver and standstill agreement (the "Waiver") with the lenders under the Credit Facility which provides waivers of certain financial covenants, including the net debt to cash flow ratio and interest coverage ratios through to and including May 30, 2026.

On March 24, 2026, Corus obtained an order from the Court to proceed with the Recapitalization Transaction pursuant to the Plan of Arrangement under the CBCA. To finalize the Plan of Arrangement, the Company will require the receipt of customary and necessary regulatory approvals including from the Canadian Radio-television and Telecommunications Commission (the "CRTC") and the Toronto Stock Exchange.

For further details on the Credit Facility and Senior Notes, refer to note 7 of the Company's interim condensed consolidated financial statements.

GOING CONCERN UNCERTAINTY

The interim condensed consolidated financial statements were prepared on a going concern basis. The going concern basis assumes that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business.

The Company's revenue and profitability have declined significantly over the past several years, in turn impacting cash flows from operations negatively. Key factors that have and may continue to adversely impact the Company's ability to compete successfully and its financial results include, but are not limited to: industry-wide, continuing reduced advertising demand or spending on linear television; macroeconomic supply chain disruptions, which in turn impact advertising demand; ability to secure programming rights; changes to acquired programming costs and arrangements, which continue to increase; and continued inaction or slower action by Corus' federal broadcast regulator to revisit Canadian program spending requirements, which represent a significant portion of the Company's cost base.

In the 2024 fiscal year, there were both extended writers' and actors' labour actions in the U.S., which significantly impacted programming deliveries and, in turn, reduced television audience levels and advertising revenues. The Company also disclosed a change to a programming supply agreement, which took effect in January 2025. Throughout 2025 and 2026, the Company continued to be impacted by geopolitical and economic uncertainty and the continued shift in advertising demand to digital platforms. At February 28, 2026, the Company has a working capital deficit of \$107.5 million and incurred net losses of \$4.9 million and \$15.3 million for the three and six months ended February 28, 2026, respectively, resulting in an accumulated deficit attributable to shareholders of \$719.4 million.

As outlined in note 7 to the interim condensed consolidated financial statements, the Company has entered into the Credit Facility and issued the Senior Notes, all of which contain certain financial covenants including with respect to the maintenance of certain financial ratios. Management has taken and continues to take significant cost-cutting actions and make appropriate investments in areas or assets which support sustainable profitability. Corus has obtained the Waiver from the lender which provides a waiver of the total debt to cash flow ratio covenant until May 30, 2026. Should the financial performance, specifically the impacts to profitability, continue to decline without successful mitigation and should there be no further changes or amendments to the foregoing financing arrangements there is material risk that Corus will be in default under (i) the terms of the credit facility and, as a result of cross default provisions, (ii) its senior unsecured notes.

To mitigate this risk, the Company has announced the proposed Recapitalization Transaction which, if completed, would reduce the Company's total debt by \$500.0 million and reduce annual cash interest by up to \$40.0 million.

On March 24, 2026, Corus obtained an order from the Court to proceed with the Recapitalization Transaction pursuant to the Plan of Arrangement under the CBCA, however completion of the Recapitalization Transaction is dependent on the Company's ability to obtain receipt of all customary and necessary regulatory approvals, including as may be required from the CRTC and the TSX. The outcome of this matter cannot be predicted at this time.

These events and conditions indicate material uncertainties that may cast significant doubt about the Company's ability to continue as a going concern, and therefore, the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. The interim condensed consolidated financial statements do not reflect the adjustments to the carrying values of assets or liabilities and the reported expenses and interim condensed consolidated statements of financial position classifications that would be necessary if the Company were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Such adjustments could be material.

TOTAL CAPITALIZATION

As at February 28, 2026, total capitalization was \$452.6 million compared to \$430.6 million at August 31, 2025, an increase of \$22.0 million. The increase in total capitalization arises from an increase in credit facility of \$50.3 million, and decrease of cash and cash equivalents of \$23.4 million, offset by an increase in the accumulated

deficit of \$12.8 million and a decrease in lease liabilities of \$39.0 million.

OFF-BALANCE SHEET ARRANGEMENTS AND DERIVATIVE FINANCIAL INSTRUMENTS

In September 2022, the Company entered into a Canadian interest rate swap agreement to fix the interest rate on a portion of its term loan facilities commencing November 30, 2022 (refer to Note 7 of the Company's interim condensed consolidated financial statements for further details). On March 20, 2025, the interest rate swap was terminated at a cost of \$5.2 million.

On December 31, 2024, the Company's foreign exchange forward contracts expired and were not renewed.

KEY PERFORMANCE INDICATORS AND NON-GAAP FINANCIAL MEASURES

In addition to disclosing results in accordance with IFRS as issued by the IASB, the Company also provides non-IFRS or non-GAAP measures as a method of evaluating the Company's performance and to provide a better understanding of how management views the Company's performance. In addition, certain investors, analysts and others utilize these measures in assessing the Company's operational and financial performance and as an indicator of its ability to service debt and provide returns to shareholders. Certain key performance indicators are not measurements in accordance with IFRS and should not be considered as an alternative to net income or any other measure of performance under IFRS.

The Company also uses supplementary financial measures to disclose financial measures that are not presented in the financial statements and are, or are intended to be, disclosed periodically to depict the historical or expected future financial performance, financial position or cash flow, that is not a non-GAAP financial measure. The Company has disclosed new platform revenue as a supplementary financial measure as discussed below.

NEW PLATFORM REVENUE

This metric combines subscriber revenue from streaming initiatives and advertising revenue from digital platforms expressed as a percentage of total Television advertising and subscriber revenue. New platform revenue reflects progress on the Company's participation in streaming distribution platforms and digital advertising markets.

SEGMENT PROFIT AND SEGMENT PROFIT MARGIN

Segment profit is calculated as revenue less direct cost of sales, general and administrative expenses as reported in the Company's consolidated statements of loss and comprehensive loss. Segment profit and segment profit margin may be calculated and presented for an individual operating segment, a line of business, or for the consolidated Company. The Company believes these are important measures as they allow the Company to evaluate the operating performance of its business segments or lines of business and its ability to service and/or incur debt; therefore, it is calculated before (i) non-cash expenses such as depreciation and amortization; (ii) interest expense; and (iii) items not indicative of the Company's core operating results, and not used in management's evaluation of the business segment's performance, such as: goodwill and broadcast licence impairment; intangible and other asset impairment; debt refinancing; non-cash gains or losses; restructuring and other costs; gain (loss) on dispositions; and certain other income and expenses as included in note 12 to the interim condensed consolidated financial statements. Segment profit is also one of the measures used by the investing community to value the Company and is included in note 14 to the interim condensed consolidated financial statements. Segment profit margin is calculated by dividing segment profit by revenue. Segment profit and segment profit margin do not have any standardized meaning prescribed by IFRS and are not necessarily comparable to similar measures presented by other companies. Segment profit and segment profit margin should not be considered in isolation or as a substitute for net income prepared in accordance with IFRS as issued by the IASB.

FREE CASH FLOW

Free cash flow is calculated as cash provided by operating activities less cash used in investing activities, as reported in the consolidated statements of cash flows, and then adding back cash used specifically for business combinations and strategic investments and deducting net proceeds from business divestitures. Free cash flow is a key metric used by the investing community that measures the Company's ability to repay debt, finance strategic business acquisitions and investments, pay dividends, and repurchase shares. Free cash flow does not have any standardized meaning prescribed by IFRS and is not necessarily comparable to similar measures presented by other companies. Free cash flow should not be considered in isolation or as a substitute for cash flows prepared in accordance with IFRS.

ADJUSTED NET LOSS AND ADJUSTED BASIC LOSS PER SHARE

Management uses adjusted net loss and adjusted basic loss per share as a measure of enterprise-wide performance. Adjusted net loss and adjusted basic loss per share are defined as net loss and basic loss per share before items such as: non-recurring gains or losses related to dispositions of investments; costs of debt refinancing; non-cash impairment charges; and business acquisition and restructuring costs. Management believes that adjusted net loss attributable to shareholders and adjusted basic loss per share are useful measures that facilitate period-to-period operating comparisons. Adjusted net loss attributable to shareholders and adjusted basic loss per share do not have any standardized meaning prescribed by IFRS and are not necessarily comparable to similar measures presented by other companies. Adjusted net loss attributable to shareholders and adjusted basic loss per share should not be considered in isolation or as a substitute for net loss or basic loss per share attributable to shareholders prepared in accordance with IFRS as issued by the IASB.

NET DEBT AND NET DEBT TO SEGMENT PROFIT

Net debt is calculated as long-term debt plus lease liabilities, less cash and cash equivalents as reported in the consolidated statements of financial position. Net debt to segment profit is calculated as net debt divided by segment profit for the most recent four quarters. Net debt is an important measure as it reflects the principal amount of debt owing by the Company as at a particular date. Net debt to segment profit is an important measure of the Company's liquidity. Net debt and net debt to segment profit do not have any standardized meaning prescribed by IFRS and are not necessarily comparable to similar measures presented by other companies.

RISKS AND UNCERTAINTIES

Significant risks and uncertainties affecting the Company and its business are discussed under the heading “Risks and Uncertainties” and “Seasonal Fluctuations” in the 2025 Annual Report, as filed at www.sedarplus.ca on October 30, 2025. These discussions are important to understanding the assumptions and factors which may affect the Company’s outlook and results. As discussed further in the 2025 Annual Report, the Company’s operating performance is affected by general Canadian and worldwide economic conditions. Changes or volatility in domestic or international economic conditions, economic uncertainty or geopolitical conflict and tensions, including current ongoing factors that can create or exacerbate recessionary conditions, affect interest rates or otherwise impact financial market conditions (such as, but not limited to, uncertainty from imposed and threatened tariffs, trade disruptions, restrictions on cross-border and international supply chains, shifting policies, and the timing and the resolution thereof), may each affect discretionary consumer and business spending, and advertising and marketing demand. Any of the foregoing can cause or result in changes to demand for Corus’ product and services offerings and adversely impact its revenue and profitability and ability to realize its plans and strategies. The Company regularly monitors all major risks affecting it and the industry more broadly, including regulatory, legal, and judicial developments and decisions and appeals, repeals, and variations of and to CRTC decisions, orders, and policy.

The Company and its subsidiaries are also involved in litigation arising in the ordinary course and in the conduct of its business from time to time. The Company recognizes liabilities for contingencies when a loss is probable and capable of being estimated. There is always a risk that, given the complex and unpredictable nature of regulatory and legal proceedings, the amount of loss ultimately incurred in relation to those matters may be material and may be substantially different from the amounts accrued. A repeal of, change to, or delay in implementation of a regulatory, legal, or judicial decision, including one made by the CRTC or court of competent jurisdiction, can also materially, adversely impact the Company’s outlook, operations and business, and financial results. The Company’s revenues, profitability, and operations are all also highly dependent on its ability to also successfully distribute its content (including its channels), on anticipated terms and conditions, on linear and digital platforms. There are no assurances that the Company will be successful in entering into or renewing acquisition or distribution agreements on terms and conditions consistent with past practice or as anticipated or planned. Actions currently against the Company, or in which the Company is a stakeholder or otherwise involved, including, but not limited to, any dispute, arbitration, or litigation proceedings, such as the appeal of CRTC decisions by certain U.S. streamers and by another major Canadian distributor, may each result in judgments, settlements, injunctions, limitations, or changes to business activities or terms and other results adverse to the Company. In turn, these could, individually or in the aggregate, materially affect the Company’s businesses, financial condition, and operations, cause reputational harm to the Company, or affect the Company’s future business prospects and operations.

The Company also previously announced the Recapitalization Transaction and there are risks, assumptions, and factors that may affect the execution of the proposed Recapitalization Transaction, including, without limitation: approval of the Recapitalization Transaction, including by applicable regulatory authorities and stock exchanges; the ability to complete, execute, and implement the Recapitalization Transaction in the time and manner contemplated; the anticipated or expected effect or impacts of the Recapitalization Transaction on the Company and/or its stakeholders; the obligations and abilities of third parties to close or complete actions as part of the Recapitalization Transaction; the anticipated reduction of the Company’s debt and related costs and interest expenses (including the amounts thereof); the exchange of existing equity or debt for new equity or debt; and the dilution or changes to the Company’s outstanding shares in number or value and markets for them.

The Company’s ability to mitigate risks is generally dependent on its ability to continue to access financing and/or obtain relief from or amendments to terms with lenders or noteholders with respect to relevant financial covenants or repayment terms under such facilities. While the Company has been successful in obtaining requisite relief and amendments in the past, there can be no assurance it will be able to do so in the future.

A comprehensive and more extensive discussion of risks and uncertainties that may affect the Company’s business, operations, and financial performance and by extension, the assumptions or actual results, related to any forward looking information or outlook, can be found in the 2025 Annual Report, as may be updated, supplemented, or amended from time to time, including in the Company’s quarterly management’s discussion and analysis, press releases, or any other subsequent disclosure, any and all of which will be made available on SEDAR+ at www.sedarplus.ca. More information regarding the risks and uncertainties relating to the proposed Recapitalization Transaction can also be found in the information circular dated January 2, 2026.

IMPACT OF NEW ACCOUNTING POLICIES

The IASB continues to issue new and revised IFRS. A listing of the recent accounting pronouncements promulgated by the IASB and not yet adopted by the Company is included in note 3 in the Company's February 28, 2026 unaudited interim condensed consolidated financial statements.

NEW ACCOUNTING PRONOUNCEMENTS ADOPTED IN FISCAL 2026

There are no new amendments to accounting standards that are effective for the Company's interim and annual consolidated financial statements commencing September 1, 2025.

CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The Company's unaudited interim condensed consolidated financial statements have been prepared in accordance with IFRS, specifically IAS 34 - *Interim Financial Reporting*. For details of the Company's material accounting policies under IFRS, refer to note 3 of the Company's unaudited interim condensed consolidated financial statements for the three months ended February 28, 2026 and the Company's annual consolidated financial statements for the year ended August 31, 2025. For details of the Company's critical accounting estimates and assumptions under IFRS, refer to Management's Discussion and Analysis in its 2025 Annual Report.

CONTROLS AND PROCEDURES

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There were no changes in the Company's internal control over financial reporting that occurred in the second quarter ended February 28, 2026 that have materially affected, or are likely to materially affect, the Company's internal controls over financial reporting.

NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)
February 28, 2026

(in thousands of Canadian dollars, except per share information)

1. CORPORATE INFORMATION

Corus Entertainment Inc. (the "Company" or "Corus") is a diversified Canadian media and content company. The Company is incorporated under the *Canada Business Corporations Act* and its Class B Non-Voting Shares are listed on the Toronto Stock Exchange (the "TSX") under the symbol CJR.B.

The Company's registered office is at 1500, 850 – 2nd Street SW, Calgary, Alberta, T2P 0R8. The Company's executive office is at Corus Quay, 25 Dockside Drive, Toronto, Ontario, M5A 0B5.

These interim condensed consolidated financial statements include the accounts of the Company and all its subsidiaries and joint ventures. The Company's principal business activities are: the operation of specialty television networks, conventional television stations, digital and streaming services; the operation of radio stations; and the Corus content business, which consists of the distribution of films and television programs, merchandise licensing and book publishing.

2. STATEMENT OF COMPLIANCE

These interim condensed consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), specifically International Accounting Standard ("IAS") 34 – *Interim Financial Reporting*, as issued by the International Accounting Standards Board ("IASB"). The accounting policies used in the preparation of these interim condensed consolidated financial statements conform with those in the Company's audited annual consolidated financial statements for the year ended August 31, 2025, except as described in note 3. These interim condensed consolidated financial statements do not include all the information and disclosures required in annual financial statements and, accordingly, should be read in conjunction with the Company's annual consolidated financial statements for the year ended August 31, 2025, which are available at www.sedarplus.ca and on the Company's website at www.corusent.com.

These interim condensed consolidated financial statements of the Company for the three and six months ended February 28, 2026 were authorized for issue in accordance with a resolution of the Company's Board of Directors on April 9, 2026.

3. MATERIAL ACCOUNTING POLICIES

BASIS OF PRESENTATION AND GOING CONCERN UNCERTAINTY

The interim condensed consolidated financial statements were prepared on a going concern basis. The going concern basis assumes that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business.

The Company's revenue and profitability have declined significantly over the past several years, in turn impacting cash flows from operations negatively. Key factors that have and may continue to adversely impact the Company's ability to compete successfully and its financial results include, but are not limited to: industry-wide, continuing reduced advertising demand or spending on linear television; macroeconomic supply chain disruptions, which in turn impact advertising demand; ability to secure programming rights; changes to acquired programming costs and arrangements, which continue to increase; and continued inaction or slower action by Corus' federal broadcast regulator to revisit Canadian program spending requirements, which represent a significant portion of the Company's cost base.

In the 2024 fiscal year, there were both extended writers' and actors' labour actions in the U.S., which significantly impacted programming deliveries and, in turn, reduced television audience levels and advertising revenues. The Company also disclosed a change to a programming supply agreement, which took effect in January 2025. Throughout 2025 and 2026, the Company continued to be impacted by geopolitical and economic uncertainty and the continued shift in advertising demand to digital platforms. As at February 28, 2026, the Company has a working capital deficit of \$107.5 million and incurred losses of \$4.9 million and \$15.3 million for the three and six months ended February 28, 2026, respectively, resulting in an accumulated deficit attributable to shareholders of \$719.4 million.

As outlined in note 7 to the interim condensed consolidated financial statements, the Company has entered into a credit facility (the "Credit Facility") and issued senior unsecured notes (the "Senior Notes"), all of

which contain certain financial covenants including with respect to the maintenance of certain financial ratios. Management has taken and continues to take significant cost-cutting actions and make appropriate investments in areas or assets which support sustainable profitability. Corus has signed a waiver and standstill agreement (the "Waiver") with the lenders under the credit facility which provides waivers of certain financial covenants, including the net debt to cash flow ratio and interest coverage ratios through to and including May 30, 2026. Should the financial performance, specifically the impacts to profitability, continue to decline without successful mitigation and should there be no further changes or amendments to the foregoing financing arrangements there is material risk that Corus will be in default under (i) the terms of the credit facility and, as a result of cross default provisions, (ii) its senior unsecured notes.

To mitigate this risk, on November 3, 2025, the Company announced a proposed recapitalization transaction (the "Recapitalization Transaction") to be implemented through a plan of arrangement (the "Plan of Arrangement") under the *Canada Business Corporations Act* ("CBCA"). In connection with the Recapitalization Transaction, the Company has entered into the Amendment, Consent & Waiver and a support agreement (the "Support Agreement") with holders representing more than 74% of Corus' aggregate \$750.0 million of Senior Notes whereby such lenders and noteholders have agreed to support the Recapitalization Transaction in accordance with the terms and conditions of the Amendment, Consent & Waiver and the Support Agreement. The proposed Recapitalization Transaction would, if completed, reduce the Company's total debt by \$500.0 million and reduce annual cash interest by up to \$40.0 million. The Recapitalization Transaction is discussed in further detail within Note 7 Long-Term Debt and Note 8 Share Capital.

On March 24, 2026, Corus obtained an order from the Ontario Superior Court of Justice (Commercial List) (the "Court") to proceed with the Recapitalization Transaction pursuant to the Plan of Arrangement under the CBCA, however completion of the Recapitalization Transaction is dependent on the Company's ability to obtain receipt of all customary and necessary regulatory approvals, including as may be required from the Canadian Radio-television and Telecommunications Commission ("CRTC") and the TSX. The outcome of this matter cannot be predicted at this time.

These events and conditions indicate material uncertainties that may cast significant doubt about the Company's ability to continue as a going concern, and therefore, the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. The interim condensed consolidated financial statements do not reflect the adjustments to the carrying values of assets or liabilities and the reported expenses and interim condensed consolidated statements of financial position classifications that would be necessary if the Company were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Such adjustments could be material.

NEW ACCOUNTING PRONOUNCEMENTS ADOPTED IN FISCAL 2026

The Company has not adopted any new or amended accounting standards effective for its interim and annual consolidated financial statements commencing September 1, 2025.

PENDING ACCOUNTING CHANGES

IFRS 9 – *Financial Instruments* ("IFRS 9") and IFRS 7 – *Financial Instruments: Disclosures*

In May 2024, the IASB issued amendments to IFRS 9 and IFRS 7, relating to the classification and measurement requirements of financial instruments recognized within those standards. These amendments will be effective for annual periods beginning on or after January 1, 2026 and will be applied retrospectively with an adjustment to opening retained earnings. Prior periods will not be required to be restated and can only be restated without using hindsight. Entities can early adopt the amendments that relate to the classification of financial assets plus the related disclosures, and can apply other amendments subsequently. The Company is assessing the impact of adopting these amendments on its interim condensed consolidated financial statements.

IFRS 18 – Presentation and Disclosure in Financial Statements (“IFRS 18”)

In April 2024, the IASB issued a new IFRS 18, *Presentation and Disclosure in Financial Statements* (“IFRS 18”) replacing IAS 1. The new guidance is expected to improve the usefulness of information presented and disclosed in the financial statements of companies. IFRS 18 introduces the following key changes:

- IFRS 18 introduces a defined structure for the statement of income composed of operating, investing, financing categories with defined subtotals, such as operating earnings, earnings before financing and income taxes and net earnings for the year. The new guidance also requires disclosure of expenses in the operating category by nature, function or a mix of both on the face of the statement of income.
- Disclosures on management defined performance measures (MPMs) – IFRS 18 requires companies to disclose definitions of company-specific MPMs that are related to the statement of income and provide reconciliations between the MPMs and the most similar specified subtotals within the statement of income in a single note.
- Aggregation and disaggregation (impacting all primary financial statements and notes) – IFRS 18 sets out enhanced guidance on the principles of how items should be aggregated based on shared characteristics. The changes are expected to provide more detailed and useful information to investors.

IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted. The Company is currently assessing the impact of this new IFRS accounting standard on its consolidated financial statements.

The interest rate on the loans under the Amended Credit Agreement dated March 21, 2025 (the "Credit Facility") is fixed at a rate of 7.29% per annum. Prior to the March 21, 2025 amendment, the interest rate had fluctuated with the Canadian Overnight Repo Rate Average ("CORRA"). The Company has 5.0% Senior Unsecured Notes of \$500.0 million due in 2028 issued in fiscal 2021 (the "2028 Notes") and 6.0% Senior Unsecured Notes of \$250.0 million due in 2030 (the "2030 Notes" and, together with the 2028 Notes, collectively referred to hereafter as the "Senior Notes") issued on February 28, 2022. As at February 28, 2026, the weighted average interest rate on the outstanding loans and Notes was 6.0% (February 28, 2025 – 6.3%). The effective interest on the loans and Notes for both the three and six months ended February 28, 2026 averaged 6.0% (February 28, 2025 – 6.4% and 6.3%, respectively).

The carrying value of the debt is accreted using the effective interest rate method over the remaining term of the Credit Facility or the Senior Notes with the accretion recognized within interest expense on the interim condensed consolidated statements of loss and comprehensive loss.

CREDIT FACILITY

The Company has a Credit Facility, which includes a term loan (the "Term Loan") and a revolving facility (the "Revolving Facility"). Under the Credit Facility, the lenders hold, as collateral, a first ranking charge on all assets and undertakings of Corus and certain of Corus' subsidiaries as designated under the Credit Facility, as amended from time to time. The Company has undertaken to comply with financial covenants regarding a minimum interest coverage ratio and a maximum debt to cash flow ratio. Management has determined that the Company was in compliance with the covenants provided under the Credit Facility as at February 28, 2026.

On October 24, 2024, the Credit Facility was amended and restated to, among other things, reduce the total limit on the Revolving Facility to \$150.0 million from \$300.0 million, with ability for the Company to request advances up to \$65.0 million, and increase the maximum total debt to cash flow ratio required under the financial covenants to 5.75:1.0 through and including December 31, 2024 and 7.25:1.0 from January 1, 2025 through and including March 31, 2025. There were also requirements for Corus to use any excess cash to repay outstanding balances on the Revolving Facility and certain amended terms related to the use of proceeds on asset disposals. The ability to incur certain indebtedness and certain reporting requirements were also updated. The maturity date for both the Term Loan and the Revolving Facility was March 18, 2026. The amendment of the Credit Facility resulted in the Company recording a net debt refinancing loss of \$4.4 million.

On March 21, 2025, the Company's Credit Facility was assigned to strategic debtholders, following which it was amended and restated to, among other things, increase the maximum amount the Company may request as an advance to \$75.0 million, remove certain requirements to use excess cash to repay the outstanding amounts on such advances, fix the interest rate at 7.29% per annum, and increase the maximum total debt to cash flow ratio required under the financial covenants to 9.5:1.0 through and including December 31, 2025, returning to 4.25:1.0 thereafter. The maturity date of the amended Credit Facility is now March 20, 2027. The amendment of the Credit Facility resulted in the Company recording a net debt refinancing loss of \$3.0 million.

On October 29, 2025, the Company's Credit Facility was amended to increase the Revolving Facility to \$125.0 million.

In connection with the Recapitalization Transaction, the Company entered into the Amendment, Consent & Waiver agreement ("Amendment, Consent & Waiver") with all lenders under the Credit Facility whereby such lenders and noteholders have agreed to support the Recapitalization Transaction in accordance with the terms and conditions of the Amendment, Consent & Waiver. The Recapitalization Transaction involves, among other things, exchanging the Company's existing Revolving Facility for a new first lien \$125.0 million secured revolving credit facility and redeeming the Company's existing Term Loan at par value and issuing new first lien senior secured notes in an aggregate principal amount of \$300.0 million with a 5-year maturity date. Under the Amendment, Consent & Waiver, the Credit Facility covenant setting the maximum total debt to cash flow ratio of 9.5:1.0 was extended to February 28, 2026.

On February 28, 2026, the Company signed a waiver and standstill agreement (the "Waiver") with the lenders under the Credit Facility which provides waivers of certain financial covenants, including the net debt to cash flow ratio and interest coverage ratios through to and including May 30, 2026.

Credit Facility – Term Loan

As at February 28, 2026, the Term Loan balance was \$301.1 million with a maturity date of March 20, 2027. Until March 20, 2025, advances under the Term Loan could be outstanding in the form of either prime rate loans or CORRA advances and bore interest at the applicable reference rate plus an applicable margin depending on the type of advance and Corus' total debt to cash flow ratio. Following the amendment and restatement of the Credit Facility on March 21, 2025, advances under the Term Loan bear interest at a fixed rate of 7.29% per annum.

Credit Facility – Revolving Facility

The Revolving Facility is available as needed to finance capital expenditures and for general corporate purposes. Amounts owing under the Revolving Facility will be payable in full at maturity.

Advances under the Revolving Facility are drawn in Canadian dollars. As a result of the amendment and restatement of the Credit Facility on March 21, 2025, amounts drawn under the Revolving Facility now bear interest at a fixed rate of 7.29% per annum. Prior to that amendment, advances under the Revolving Facility could be drawn in Canadian dollars as either prime rate loans, CORRA or Canadian dollar denominated letters of credit, or in U.S. dollars as either a base rate loan, Secured Overnight Financing Rate ("SOFR") advance or U.S. dollar denominated letters of credit. Until March 20, 2025, amounts drawn under the Revolving Facility bore interest at the applicable reference rate plus an applicable margin depending on the type of advance and Corus' total debt to cash flow ratio.

As at February 28, 2026, the Company had \$90.0 million drawn under the Revolving Facility, leaving \$35.0 million available to be drawn.

SENIOR UNSECURED NOTES

The Senior Notes are senior unsecured obligations guaranteed by certain of the Company's subsidiaries and contain covenants that limit the Company's ability to incur additional debt, make certain restricted payments and investments, create liens, enter into transactions with affiliates, and consolidate, merge, transfer or sell all or substantially all of its property and assets. Interest on the Notes is paid semi-annually. There have been no changes to the terms of the Notes since the last annual consolidated financial statements.

The prepayment options associated with the Notes were fair valued at the time of debt issuance. The initial value of the prepayment options related to the Notes was a \$9.6 million increase to indebtedness. This liability has been subsequently amortized using the effective interest rate method and as at February 28, 2026 was \$4.2 million.

In connection with the Recapitalization Transaction, the Company has entered into a support agreement with holders representing more than 74% of Corus' aggregate \$750.0 million of Senior Notes whereby such noteholders have agreed to support the Recapitalization Transaction in accordance with the terms and conditions of the Support Agreement. The Recapitalization Transaction involves, among other things, settling \$250.0 million of the Senior Notes in exchange for second lien secured notes with a 6-year maturity date in an equal aggregate principal amount, exchanging \$500.0 million of the Senior Notes for common shares of a newly formed corporation that will own all of the shares of the Company ("NewCo") that are expected to represent 99% of all of the issued and outstanding shares of NewCo, on a non-diluted basis.

INTEREST RATE SWAP AGREEMENTS

In September 2022, the Company entered into a Canadian interest rate swap agreement to fix the interest rate at 3.818%, plus applicable margins on \$250.0 million of its outstanding Term Facility. The counterparties of the swap agreement were highly rated financial institutions and the Company did not anticipate any non-performance. The fair value of Level 2 financial instruments, such as interest rate swap agreements, is calculated by way of discounted cash flows, using market interest rates and applicable credit spreads. On March 20, 2025, the agreement was terminated at a cost of \$5.2 million.

FORWARD CONTRACTS

All foreign exchange forward contracts had the effect of fixing the foreign exchange rate and cash flows related to a portion of the Company's U.S. dollar denominated liabilities. The forward contracts were not designated as hedges for accounting purposes and, as a result, were measured at fair value at each reporting date. The counterparty of the forward contracts was a highly rated financial institution and the Company did not anticipate any non-performance. The estimated fair values of future cash flow of the U.S. dollar forward contract derivatives changed with fluctuations in the foreign exchange rate of U.S. dollars to Canadian dollars. This was recorded in the interim condensed consolidated statements of financial position as investments and other assets, and within other income, net (note 12) in the interim condensed consolidated statements of loss and comprehensive loss. On December 31, 2024, the contract expired and was not renewed.

RECAPITALIZATION TRANSACTION

On November 3, 2025, the Company announced a proposed Recapitalization Transaction. In connection with the Recapitalization Transaction, the Company has entered into the Amendment, Consent & Waiver agreement with all lenders under the Credit Facility and the Support Agreement with holders representing more than 74% of Corus' aggregate \$750.0 million of Senior Notes whereby such lenders and noteholders have agreed to support the Recapitalization Transaction in accordance with the terms and conditions of the Amendment, Consent & Waiver and the Support Agreement. The Company has also entered into the Shareholder Support Agreement with SFLT, indirectly the holder of more than 80% of the Class A Voting Shares in the Company. Pursuant to this agreement, SFLT and certain of its affiliates have agreed, among other things and subject to the terms and conditions stated therein, to vote their Class A Voting Shares and Class B Non-Voting Shares in favour of the Recapitalization Transaction. The Recapitalization Transaction involves exchanging the Company's existing Revolving Facility for a new first lien \$125.0 million secured revolving credit facility, redeeming the Company's existing Term Loan at par value and issuing new first lien senior secured notes in an aggregate principal amount of \$300.0 million with a 5-year maturity date, settling \$250.0 million of the Senior Notes in exchange for second lien secured notes with a 6-year maturity date in an equal aggregate principal amount, exchanging \$500.0 million of the Senior Notes for common shares of a newly formed corporation that will own all of the shares of NewCo that are expected to represent 99% of all

14. BUSINESS SEGMENT INFORMATION

The Company's business activities are conducted through two segments: Television and Radio, and are primarily based in Canada.

TELEVISION

The Television segment comprises 25 specialty television networks, 15 conventional television stations, digital and streaming services, a social media digital agency, technology and media services, and the Corus content business, which includes the distribution of films and television programs, merchandise licensing, and book publishing. Revenue is generated from advertising, subscribers and the licensing of proprietary films and television programs, merchandise licensing, book publishing, and the provision of technology and media services.

RADIO

The Radio segment comprises 36 radio stations, situated primarily in urban centres in English Canada, with a concentration in the densely populated area of Southern Ontario. Revenue is derived from advertising aired over these stations.

CORPORATE

Corporate results represent the incremental cost of corporate overhead in excess of the amount allocated to the other operating segments.

Management evaluates each segment's performance based on revenue less direct cost of sales, general and administrative expenses. Segment profit (loss) excludes depreciation and amortization, interest expense, debt refinancing costs, restructuring and other costs, impairments, gains or losses on dispositions, and certain other income and expenses.

The accounting policies of the segments are the same as those described in the material accounting policies of the most recent annual audited consolidated financial statements.
