## Showcase

From **Seth MacFarlane**, comes **TED: The Animated Series**, a sequel to the beloved *Ted* and *Ted 2* films. This series reunites MacFarlane, who reprises his role as the voice of Ted, with his big screen castmates: **Mark Wahlberg**, as the voice of Ted's best friend, John; **Amanda Seyfried**, as the voice of John's wife, Sam; and **Jessica Barth** as Ted's wife, Tami-Lynn. Picking up 12 years after the conclusion of the last movie, John and his thunder-buddy Ted are neighbours, both with families of their own and dead-end jobs. The new animated series follows the success of Season 2 of *Ted* which was a top 5 specialty entertainment program this spring<sup>4</sup> and the #1 ranked show during its Season 2 run on STACKTV VOD.<sup>5</sup>

The #1 program on Showcase this fall, **The Paper**<sup>6</sup> starring **Domhnall Gleeson**, **Sabrina Impacciatore**, **Oscar Nuñez** and **Chelsea Frei** is back for Season 2. The documentary crew that immortalized Dunder Mifflin's Scranton branch in the Emmy® Award-winning U.S. series *The Office* finds a new subject when they discover a historic Midwestern newspaper and the publisher trying to revive it.

Critically acclaimed drama **The Day of the Jackal** – which ranked higher than any other show season on STACKTV during its debut run<sup>7</sup> – also returns for a second season. Fronted by Oscar® winner **Eddie Redmayne** with **Matt Bomer**, **Weruche Opia** and **Pablo Schrieber** joining the cast this season, the series follows an unrivaled and highly elusive lone assassin, the Jackal (Redmayne), who makes his living carrying out hits for the highest fee.

Cyber thriller **The Undeclared War** returns for Season 2 with a fresh wave of tension and drama as the elite Malware Department at GCHQ grapples with the aftermath of a devastating Russian cyber-attack. Just when it seems the U.K. has gained the upper hand, Danny (**Simon Pegg**) and his team discover a mole in their midst and uncover a far more dangerous threat.

## W Network

A team of dedicated archaeologists (and less-dedicated college students) spend their summer working on a dig site in Greece. Their discovery of a rare artifact sends them on the adventure of a lifetime in **Dig**, a new series from Emmy® Award-winning executive producer Mike Schur and Emmy® Award-winning actor and executive producer **Amy Poehler** with **Hugh Laurie**.

Mystery comedy series **The 'Burbs** starring **Keke Palmer** and **Jack Whitehall** returns for Season 2. Inspired by the 1989 horror-comedy film of the same name and set in present-day suburbia, *The 'Burbs* follows a young couple who have reluctantly relocated to the husband's childhood home.

As the exclusive Canadian home for Hallmark content, W Network attracts a dedicated fanbase of viewers through the brand's signature feel-good storytelling and annual seasonal programming events. Fan-favourite programming event, **Hallmark Channel's Countdown to Christmas**, delivered massive audiences<sup>8</sup> with an unmatched lineup of merry movies and festive series which ranked W Network as the country's holiday entertainment destination with last year's event reaching over eight million Canadians.<sup>8</sup> The highly anticipated TV event continuously places W Network as the #1 entertainment specialty station among A25-54, F25-54 and Ind. 2+ during the programming event year over year.<sup>9</sup>

Hit holiday whodunnit series **Mistletoe Murders**<sup>3</sup> (6x60) returns for Season 3 with more mystery and intrigue unfolding in Fletcher's Grove. From Lionsgate Canada and Headspinner Productions, the Canadian-created, written and produced series by Ken Cuperus stars **Sarah Drew** as Emily Lane, a small-town shop owner with a secret past, alongside **Peter Mooney** as local detective Sam Wilner. Executive producers include Jocelyn Hamilton (Lionsgate Canada) Michelle Melanson (Headspinner Productions) and Sarah Drew.

## Adult Swim

Set in the universe of *Rick and Morty*, the #1 series on STACKTV VOD<sup>10</sup>, new animated comedy **President Curtis** follows the Commander-in-Chief and his eccentric staff as they tackle the kind of crises that Rick Sanchez could never be bothered with – from interdimensional diplomacy to paranormal investigations and unexplained phenomena. Co-created by *Rick and Morty* executive producers Dan Harmon and James Siciliano, **Keith David** will reprise his longtime role as President Andre Curtis. **Stephanie Beatriz** (*Brooklyn Nine-Nine*) and **Jim Rash** (*Community*) also star.

Based on the New York Times bestselling DC/Vertigo graphic novel by Anthony Bourdain, **Get Jiro!** is set in a not-too-distant future Los Angeles where master chefs rule the town and people literally kill for a seat at the best restaurants. A mysterious sushi master named Jiro enters a bloody culinary war to craft his recipe for revenge.

Genre-bending sketch comedy series **The Terrors of Jordan Mendoza** blends sharp comedy with surreal horror, diving deep into the subconscious of its protagonist to explore fears that are both deeply personal and strikingly universal.
